- Loose-Leaf Paper
- Blue or Black Pens
- Pencils
- Highlighters
- Colored Pencils
- Locker Racks or Shelves
- Homework Planner

We recommend one page per day

- 1 ESV Bible
- 2-4 Book Covers
- Calculator

Middle School Classes: a 4-Function Calculator or Scientific Calculator

Algebra 1, Geometry, or Algebra 2: Scientific or Graphing Calculator**

Pre-Calculus: Graphing Calculator**

Calculus: Graphing Calculator - Model TI-84 Plus CE (Models TI-84 Plus, TI-84 Plus Silver, TI-84 Plus C Silver, or TI 84 Plus CE-T are also acceptable)

**Any model is acceptable, but if you plan to take higher level math classes, you are welcome to use the models required for Calculus.

- Grade Specific Required Books –

Families should expect to spend between \$40-\$70 per student, per year, to purchase the great books required for their student's reading and coursework. We believe strongly that students owning certain great books from our curriculum, and building a library of them, is a necessary part of their education. It communicates to them that these books are worth thinking deeply about, writing in, and re-reading in the future. It also allows teachers to instruct students how to read closely and thoughtfully, and how to mark up their books, a skill that will be helpful to them in the future.

Please note that other supplies may be requested by individual teachers during the school year with sufficient time for your student to obtain them.
